Mar 15, 2000 - An absolute must for any Adobe Illustrator user! KPT Vector Effects contains over a dozen plug-ins that can be used to create instant 3D looks.. The fun part about it is that once you discover an effect you like, you can then go and apply another effect on top of that.. Some plug-ins for Illustrator won't let you do that. It certainly cuts down design time as well.. The plug-in program is otherwise very self-explanatory. The opportunities for variety are endless making this plug-in a valuable asset to any Illustrator/designer.
